Upgrade Pathway – TAE40116 to TAE40122.

The new TAE40122 is 12 units of competency.

The TAE40116 was ten units nine being core.

Packaging Rules for TAE40122

https://training.gov.au/training/details/TAE40122/qualdetails

6 core units plus

6 elective units, of which:

- at least 3 must be from Group A

- Nominated electives as per packaging rules

- up to 2 may be from any currently endorsed Certificate III or above training package qualification or accredited course, provided that no more than 1 is selected from a Certificate III.

Forsythes offers an upgrade for those who wish to have the latest Certificate IV in Training and Assessment. They must have the full certificate IV TAE40116.

Component One – CORE TAE16 Upgrade – Ten Units including a DCT and Three Group A electives

Upgrade the nine core units of competency from TAE40116 to the relevant units of TAE40122.
